

BLOOD DISEASES CONTAGIOUS TROUBLES

Contagious Blood Poison more thoroughly permeates the system than any other disease. Its infectious virus contaminates every corpuscle and tissue of the circulation, and for this reason its symptoms are of a varied nature. When it enters the blood it is but a short time until the mouth and throat begin to ulcerate, the skin becomes spotted, rashes and eruptions appear on the body, sores and ulcers break out, the hair falls, and frequently nails on hands and feet thicken and come off. Mineral medicines which simply shut the poison up in the system should be avoided, for when such treatment is left off the old disease will break out again, often worse than before. S. S. S. cures Contagious Blood Poison permanently, and it does so because it thoroughly purifies the blood. S. S. S. goes into the circulation, and drives out the last trace of the destructive germs, adds richness and vigor to the circulation and allows it to nourish the diseased portions of the body back to health. S. S. S. is purely vegetable, being made entirely of roots, herbs and barks, without a particle of mineral, and its vegetable ingredients always hasten the cure by toning up the stomach and digestive members. Home Treatment book and any medical advice free to all who write.

NEVADA IS A CLOSED STATE

As a result of the closing of the
gambling halls in Ely, scores of gam-
blers and followers of the games,
are headed for Utah.

On a train near Cochrane yesterday,
two of this sort, who were bound for
this city, engaged in a rough and
tumultuous fight that might have ended
fatally had it not been for the prompt
action of bystanders in separating the
men.

Dick Maxwell and Rob O'Connor,
notorious characters, were the prin-
ciples. O'Connor was hunting trouble,
and announced loudly that he was
"well heeled" for any emergency.

During the scuffle O'Connor at-
tempted to chew Maxwell's finger
off as a lead, but was dragged away
before much damage was done.

Local police authorities expect no
trouble from the Nevada contingent
of "sports," but are alive to the pos-
sibilities, and are keeping an open
eye for visitors of this character.

EXTEND SYSTEM
SOUTH TO NEPHI
Important Plan of Rio Grande to Con-
nect Rails From Payson.

The most important work to be un-
dertaken by the Denver & Rio Grande
next spring is the connection between
the rails of its system between Nephi
and Santaquin. As is well known

the Tintic branch reaches a point just
twenty-two miles from its Nephi
branch, the latter being the former
Sanpete Valley railway. The Rio
Grande, to get into Nephi, uses the
route via Thistle and Ephraim, but
under the new conditions it would
not only have a short line into Nephi,
but would secure a double entrance
into the fertile valleys of Sanpete and
Sevier and create a circle trip that
would be of great benefit to passen-
gers and shippers.

The line has been surveyed. No
heavy grade is needed and the line
can be constructed within sixty days.
It would traverse a good valley, and
at Nephi would tap one of the best
towns in that portion of the state.
Ample material will be available
through released steel and fittings
from the main line.

The route is surveyed to leave the
Tintic branch between Payson and
Santaquin and thence in a direct line
through the settlements to Nephi,
striking that city a mile east of the
present station, connecting with the
Sanpete Valley road as it runs through
the streets of that city.

It is a splendid move on the part
of the Rio Grande and will cause much
interest among the residents of that
part of the country.

Banish Catarrh

Breathe Hyomei for Two Minutes,
and Stuffed-Up Head Will
Vanish.

If you want to get relief from cat-
arrh, cold in the head or from an
irritating cough in the shortest time,
breathe HYOMEI (pronounce it High-
o-mey).

It will clean out your head in two
minutes and allow you to breathe
freely, awake or asleep.
HYOMEI will cure a cold in one day.
It will relieve you of disgusting snuf-
fles, hawking, spitting and offensive
breath in a week.

HYOMEI is made chiefly from eucaly-
ptus, a soothing, healing, germ-
killing antiseptic, that comes from the
eucalyptus forests of inland Australia,
where catarrh, asthma and consumption
were never known to exist.

HYOMEI is pleasant and easy to
breathe. Just pour a few drops into
the hard rubber pocket inhaler,
breathe it, and cure is almost cer-
tain.

A complete Hyomei outfit, including
inhaler and one bottle of HYOMEI,
costs only \$1.00 at BADCON'S PHAR-
MACY, and druggists everywhere. If
you already own an inhaler, remem-
ber that you can get an extra bottle
of HYOMEI for 50 cents. For free

DEATHS AND FUNERALS

THOMAS McCONNELL.

Thomas McConnell, aged 64, died
Oct. 4, at the Utah Hot Springs of
heart failure. The funeral services
were held from the Heaton-Kir-
kendall funeral chapel at 2:30 p. m.
today, with the interment in the
Mountain View cemetery.

LORENZO FISHER.

The funeral services over the re-
mains of Lorenzo Fisher were held
yesterday at 1 p. m. at the
family residence at Farr West with
Rev. S. C. Hickman of the Pres-
byterian mission officiating.

The Farr West choir rendered a
number of musical selections, assisted
by members in solos.

A reading of scripture, and appro-
priate sermon was delivered by the
Rev. Hickman, after which letters of
condolence were read by Prof. Cow-
les of the Weber Academy, on behalf
of the faculty of that institution.

Joseph A. Taylor and Bishop Ma-
roni Chug, spoke of the departed as
an honest, true citizen, and dwelt
upon his many acts of kindness to-
wards his neighbors. He was always
ready and willing to help whenever
assistance was needed.

A large attendance of relatives and
friends were in the meeting house for
the service, and most of these fol-
lowed the casket to the Ogden City
cemetery where the interment was
made.

The pallbearers were the brothers
in law of the deceased.

Down at Moapa, on the Salt Lake
Route, in southern Nevada, the Dry
Gulch Mining company is now load-
ing another car of rich copper ore
from its property in the extreme north
western corner of Arizona. The last
car shipped recently consisted of 51
tons, which assayed 36.9 copper, 5.2
ounces silver and a little iron. The
car brought about \$4,500 in the Salt
Lake markets. W. P. Jennings of
Salt Lake, consulting engineer of the
Dry Gulch Mining company, said yes-
terday that no doubt the car now
at Moapa will be at least as rich as
the other.

CAN YOU SAVE TWENTY CENTS A DAY?

The Ogden Music Company is conducting the first sale in its history
and intends to make it the greatest piano sale ever held in the
City of Ogden. 20 cents a day for a piano.

OGDEN MUSIC COMPANY IS OGDEN'S REAL MUSIC HOUSE—
A HOME COMPANY.

Buy At Home and Build Up Our City.

In announcing this great sale of high-grade pianos we wish to
take the public, the purchasing public, into our confidence. The in-
terest in our business heretofore held by outside parties has now
passed into the hands of Ogden people exclusively, and we intend to
discontinue some of the lines which we have carried up to this time.
We regret that we find it necessary to release these agencies as the
pianos are well known in this territory and have been sold here for
years. In justice to ourselves and certain factories we must drop
a number of these lines at this time, and to facilitate matters it was
finally decided to close out every one of these instruments at once,
and do it in a hurry, even if we had to sell them at cost. Simply try
to realize the amount we have invested in them in order not to
hamper the factories in placing the agencies elsewhere.

In purchasing a piano your greatest protection is the reputation
of the piano and the responsibility of the dealer. We let you judge
from the following names whether you are protected by reputation
of makers: Steinway & Sons, Chickering Bros., Sohmer, Kimball,
Vose & Sons, Estey, McPhail, Hobart M. Cable and other well-known
makes. Let our past dealings with the people of Ogden speak as to
our reputation and responsibility.

OUR PRICES SPEAK FOR THEMSELVES.
